Sterling Silver Ear Wires - 1 pair
2x2mm Sterling Silver Crimp Tubes - 2 pcs
Drop Shaped Beads - 2 pcs

Tools

Cutters
Crimping Pliers

Instructions

Step 1: Choose a wire color and matching bead. Here are some examples, but you are welcome to use your creativity to pick the color of wire and bead that best fits you! Ex: Purple SFW & Fluorite, Green SFW & New Jade, Yellow SFW & Yellow Jade, Butterscotch SFW & Red Aventurine, Black SFW & Onyx, Bronze SFW & Sunstone, Dark Blue SFW & Sapphire, Pink SFW & Rose Quartz, White SFW & Clear Quartz.

Step 2: Use Soft Flex® Professional Flush Cutters to cut 4 inches of wire.

Step 3: Use one end of the wire to string 1 crimp tube and 1 ear wire. Pass back through the tube, but do not crimp.

Step 4: Use the other end of the wire to string 1 Drop Shaped Bead. Pass back through the tube so that there are 3 strands of wire in the tube.

Step 5: Adjust the wire to make the dangle as short or long as you prefer.

Step 6: Crimp the tube using Regular Crimping Pliers. Trim excess wire.

Step 7: Repeat Steps 1-6 to make a second earring.
